# Stargate Mystery School Application 2022-2023

**We are so excited you are taking this next step in opening the doorway to your heart. Journey deep within to connect with your authentic self through an eclectic array of teachings.**

This study group is thought of as a personal growth experience and not as psychotherapy. It can bring dramatic experiences, which can be accompanied by strong emotional and physical release. Therefore, this group is not appropriate for pregnant women or for people with heart-circulation disturbances, very high blood pressure, severe mental illnesses, acute infectious diseases or people that have just recently had surgery or fractures. If you are uncertain if you can participate, please speak with us.

As you prepare yourself to go into self-discovery, it is important to understand that old wounds or repressed energies may surface that will need attention. On the Delphi oracle it says, "To know thyself is to know God and the universe." In this study, you will begin to explore the levels of yourself—the physical, emotional, mental and spiritual. This Application is an opportunity to explore where you are in these developmental stages.

The Stargate Mystery School of the Center for Sacred Studies considers all applicants equally and is accessible and inclusive to all interested applicants. Sexual orientation, gender identity, race, culture, disability status, learning differences or any other factors are welcome. Applicants are encouraged to share their pronoun preference in advance during the application process. All information is reviewed by the team and is kept confidential.
